Greek Orthodox Community of New South Wales

30th Anniversary of Establishment of Child Care Centre at Stanmore

The Greek Orthodox Community of NSW will reach a significant milestone on 15 July of this year- the 30th anniversary since the establishment of the first Child Care Centre by the Community at Stanmore in 1979.

A groundbreaking achievement at the time for a multicultural community group, the Greek Orthodox Community of NSW Long Day Child Care Centre continues to operate today offering high quality, affordable care to families in Sydney. The same principles and commitments to hard work and dedication by many volunteer members of the Community which led to the establishment of the centre still exist: we pride ourselves on our quality of care, our low fees and commitment to bilingual education. The Greek Orthodox Community of NSW will be holding a small but significant celebration of this milestone on Wednesday 15 July 2009, be-

tween 3pm and 4pm, at the child care centre, situated at 264 Stanmore Road, Stanmore. Dignitaries, local community officials, former staff and volunteers who have helped the child care centre

over the years will join us for light refreshments to mark this occasion. A special commemorative booklet marking the occasion and highlighting the history of the Greek Orthodox Community of NSW Child Care Centres will be

given out on the day.

The celebration is also open to all members of the Community and the general public are warmly encouraged to attend.

For further information, please contact the Community's

administrative offices on (02) 9740 6022 or the Child Care Centre at Stanmore on (02) 9560 4040.

ORGANISE AN INTERNATIONAL WORKSHOP
ON
THE PROJECT OF AUTONOMY AND THE LEGACY
OF CORNELIUS CASTORIADIS

UNIVERSITY OF SYDNEY, DECEMBER 4-5, 2009

REFECTORY ROOM, MAIN QUAD //////////////// CALL FOR PAPERS

Autonomy represents one of the most paradoxical projects after Enlightenment.

Cornelius Castoriadis is one of the most challenging thinkers who struggled with the antinomic nature of the need to become autonomous within social structures that impose and institute heteronomous subjects.

The workshop wants to discuss the ambiguities of the autonomy project through its problematisation in Castoriadis' work.

It invites papers on autonomy, heteronomy, politics, psychology and citizenship within the context of contemporary philosophical discussions and political discourse.

DEADLINE JULY 31ST, 2009 //////////////// PAPER PROPOSAL UP TO 300 words

can be forwarded to • Vrasidas Karalis: Vrasidas.Karalis@usyd.edu.au
