

## Hard work beats talent, when talent doesn't work hard enough

AUS & NZ) so I have done a lot of acting which I absolutely love. But Singing is my life and it's hard to choose between the two.

**- Tell me a few things about your singing experiences**

I appeared as a guest performer for Periklis Stergianoudis (winner of Fame Story 3) show at 'Notes' which was a great experience. I worked with Delta Goodrem as her back up singer and dancer on 'Australian Idol', and also I was a finalist for 'Junior Australian Idol' in 2005. I just recently came back from England, where I wrote and recorded songs with two producers in hope to start on my first album soon.

**- Do you write lyrics of your songs?**

Yes I write the music and lyrics to most of my songs using guitar and piano.

**- Are you open to travelling to any location if an opportunity comes up?**

Yes of course.

**- What are your favourite hobbies?**

Watching my brother Nicholas....and Christiano Ronaldo playing soccer. Also going to the beach with friends and working deeply on our tans!

**- What don't you like about this world?**

There needs to be more genuine love, laughter and compassion.

**- Optimistic or pessimistic?**

Optimistic always!

**- How do you deal with difficulties?**

No matter how hard things may appear at the time, if you keep your faith in God and believe in yourself, you will find the strength from within to overcome any difficulty.

**- Make three wishes....**

I wish for world peace and a world without starving children but the biggest wish is for people to be more compassionate.

**- Write your favourite line.**

**- What do you like about Greece?**

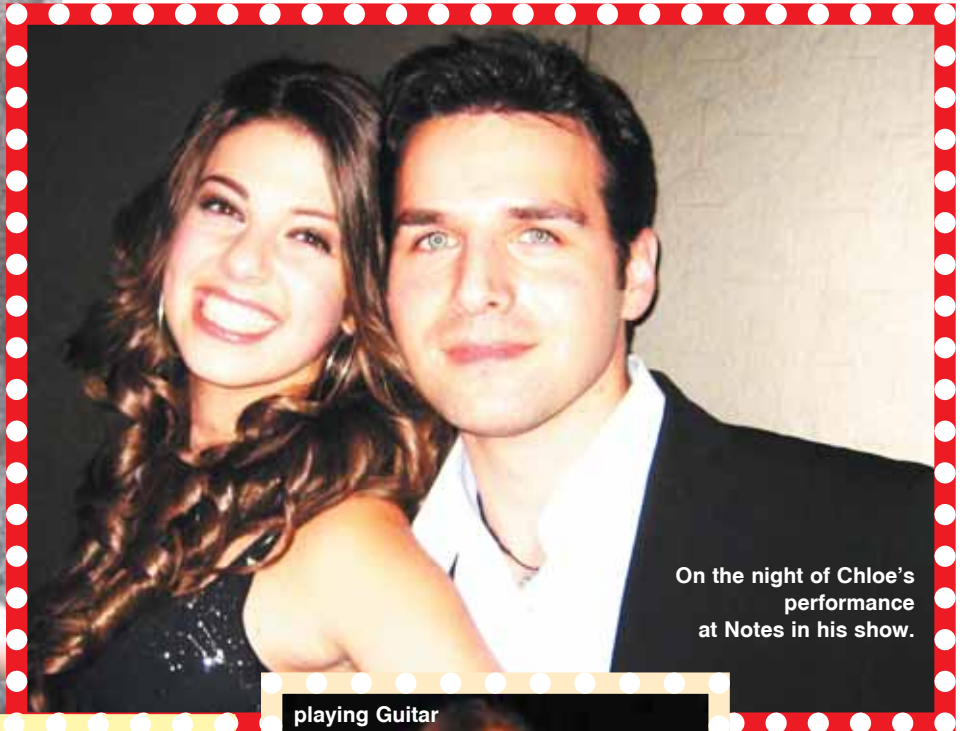

Greece is without a doubt beautiful! My favourite subject at school is Ancient History because we learn about the Ancient Greeks. I have been to Greece twice as my brother played in the youth academy for Panathinaikos FC and fell in love with

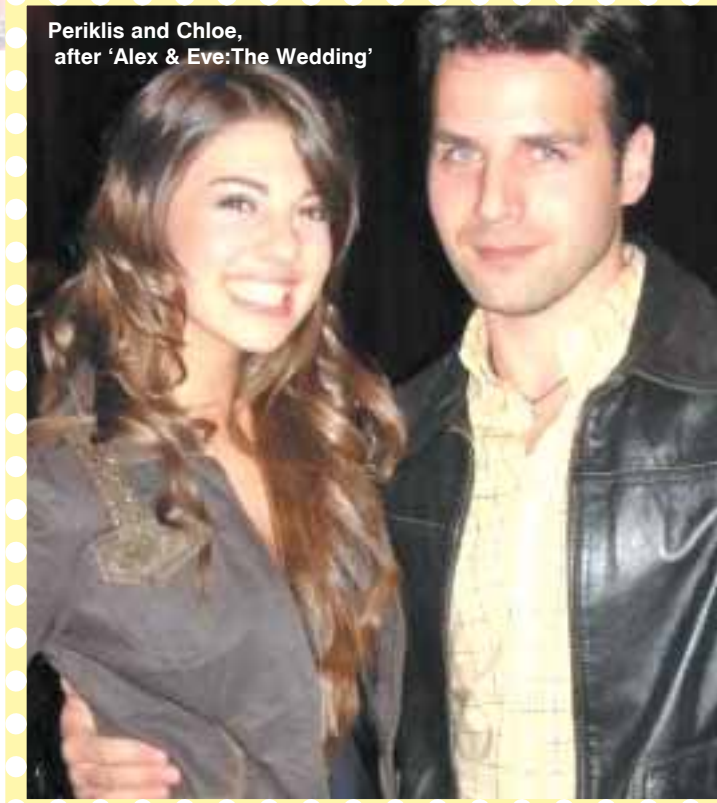

I couldn't believe I was going to meet him in Australia!' so he said to me 'I hear you're a singer also, would you like to come and make a guest appearance in my last show at Notes?' so I stood there in shock and obviously answered, 'YES, (with my adequate Greek) E-FXARISTW!' so yes. Singing with Periklis was an amazing experience and you can watch my performance by going to YouTube and typing in 'Chloe La Kiss at Notes - My Number One'.

**- Your voice sounds a lot like Kalomoira. How does that make you feel?**

Kalomoira is one of my favourite artists from Greece along with Elena

On the night of Chloe's performance at Notes in his show.

Periklis and Chloe, after 'Alex & Eve: The Wedding'

playing Guitar at a SINGING NIGHT AT BRENT STREET

and the beach at the same time.

**- How did you feel singing with Periklis from Fame Story?**

You have to know how I

came to meet Periklis...He came to watch 'Alex & Eve: The Wedding', after the show the cast and I were mingling with the amazing audience we had that night and one of the cast members said to me, 'Chloe! Periklis from Fame Story is here! Come meet him!' I thought to myself 'wow! I had watched Fame Story 3 on Antenna and

**- What do you like about Australia?**

Australia is becoming more and more multi-cultural, and I love that! I love how I have my family close to me

Greece. Here's a wish for you, 'I wish one day to have my wedding on Santorini.'

Paparizou. I love performing their songs and believe they are both great performers. Personality wise, I see myself more like Kalomoira, but with regards to my music I see myself writing and performing songs similar to Elena's style. If you would like to see my per-

formances of 'Secret Combination' or 'My Number One' just go to [www.youtube.com/xoxchlo3xox](http://www.youtube.com/xoxchlo3xox) or [www.myspace.com/chloelakiss](http://www.myspace.com/chloelakiss) and you can watch them all there!

**- Any plans for X-Factor show?**

It is a thought and if given the opportunity I would definitely go for it! It's a great stepping stone and I could see myself on it one day.

**- Chloe thank you for your time. You are very talented. Your passion and devotion to performing will earn you a very bright future.**

Thank you.
