4 - Mega Cosmos

Alkis, Petros, Vasilis, Aris...4 men, 4 brothers, '4 seasons' as their mother used

to call them.

Four different personalities with different lives, different tastes in women and different goals and desires. Despite their individuality, it is their family that connects them and tears them apart.

A family that looks perfect on the outside is turned upside down, and suddenly the family that was once perfect faces real life with all its struggles and difficulties. Truths too painful to accept, mistakes made, thoughts nurtured, relationships formed, and love and dreams yearned for.

But what happens when they discover that what they truly want in life is different from what they initially thought? Is it too late to change direction? An unexpected event changes the 4 men's lives forever.

Don't miss the brand new primetime series from Greece whose premiere set impressive audience ratings, 4, airing every Monday at 22.30pm AEDT on Greece's number one channel, Mega Cosmos, exclusively on UBI.
