Movember @ ALL SAINTS GRAMMAR

A whopping \$8,900 was raised during the month of November towards Movember 2009 with the Staff and parents of All Saints Grammar in Belmore and Belmore South wholeheartedly participating in this important event with nine members in the team led by Principal of the school, Anthony Tsoutsas. The School's team consisted of MoBro Staff, MoBro Dads and a MoSista Mum!

During Movember, the 8 male members of the team dutifully stopped shaving their

mo, and set out on a course to raise as many funds as possible to assist Male Health within the community, namely Prostate Awareness and BeyondBlue for mental health issues. At every opportunity during the month, these two issues were often raised amongst the students at regular assemblies to try to encourage students to be aware of their physical and emotional state and oftentimes heard the Principal use the phrase: "Don't just think about the problem ... Talk about it!"

The photo shows: At the School's recent Assembly, Principal Mr Anthony Tsoutsas was assisted in removing his MO by two Yr 11 students, Steven Stavropoulos of Roselands along with Dyann Paras of Bexley North, looked on by the Chairman of the Board Mr Polycarpus Kouroushis
