Steamy ... The Pacific takes on Underbelly in raunchy sex scenes featuring actress Claire van der Boom and actor James Badge Dale. Source: The Courier-Mail

# Over-sexed, over here

**F**ORGET Underbelly. It's the World War 2 epic The Pacific that is set to shock viewers with nudity and steamy love scenes.

Last night's episode of Channel 7's \$200 million miniseries featured a number of raunchy sex scenes between actors Claire van der Boom and James Badge Dale.

Van der Boom plays Greek-Australian girl Stella, who seduces US Marine Robert Leckie when he is sent to Melbourne to recuperate from the hor-

rors of war in Guadalcanal. The actress has admitted that getting naked for the Steven Spielberg and Tom Hanks-produced miniseries was daunting. "Of course you have extra nerves and anxiety - but I really just believed in the story," van der Boom said.

About 5000 US Marines were shipped to Melbourne for nine months of recuperation in 1943. They formed numerous romantic attachments with young Aussie women as well as enduring friendships with families.

This week's episode of The Pacific has Leckie invited for dinner and then to stay the night with Stella's family. Later that night, Stella beds Leckie and it is followed by raunchy sex in a park. "Over-paid, over-sexed and over here" was the catchphrase used to describe the US military in Melbourne.

"We have to remember how young many of the Marines were, about 17 or 18-years-old," expert Kate Darian-Smith said.

Dear Irene

I would like to thank you very much indeed for asking me to be a special guest last Friday evening at the Annual Medical Ippokrats Awards Dinner which was so well organised by your and other members of the AHEPA Chapter Ippokrats No 21.

I very much enjoyed the evening, especially meeting so many very pleasant members of the Greek Community.

I look forward to speaking with you again in the near future.

With kindest regards

Yours sincerely

The Hon. Julia Gillard M.P.  
 Deputy Prime Minister  
 Minister of Education, Minister for Employment and Workplace Relations,  
 Minister for Social Inclusion

Dear Minister

On behalf of the NSW Intercommunities Council of the Greek Orthodox Archdiocese of Australia which represents 30 parishes and communities, I am writing this letter to express our concern as to the possibility of the non-inclusion of Modern Greek in the new Australian Curriculum. Learning Greek enables a better comprehension of the English language which incorporates thousands of Greek words.

Furthermore, I am certain that there is no need to elaborate on the significance of Hellenism to an academic of your standing and responsibility.

I also take this opportunity to thank you once again for the financial assistance that was given to our Orthodox Colleges through the recent BER Program.

Yours sincerely

Peter Theo OAM  
 President NSW Intercommunities Council

Our mission is to offer treatment and support of the highest possible quality to people with cancer and blood disorders. Through a compassionate and holistic approach, we aim to emphasize the dignity and uniqueness of individual lives.
