⇒ **SHARK-ATTACK MAULS ROCK-BOTTOM BERRIES**

How badly are the Berries going? They were mauled by the Sharks last weekend.

As the Football NSW website so aptly described proceedings: "Sutherland Sharks handed West Sydney Berries a footballing lesson with an emphatic 4-1 win at Seymour Shaw. Paul Kohler opened the scoring in the 42' minute, firing powerfully across the face of goal to see his effort ricochet off the post and into the back of the net. Chris Price combined with Panni Nikas and Jim Bakis to double the lead in first-half stoppage time, before Price played a neat pass to Blake Powell after the break to make it 3-0. Bakis added the fourth with an exceptional free-kick leaving Berries goalkeeper Hamish McLean helpless, much to the delight of the home supporters".

And there looks to be more pain for them this weekend against Sydney United.

Not even new coach Steve Karavatakis it seems can help them win a 1st Grade game!

This is not "Kara's" fault- the blame for this debacle lies elsewhere.

With **LAKIS KONISTIS**

Sports World

The club so far has managed just 2 wins in 13 games- and that has left them stranded in last spot on the ladder now.

The committee took a HUGE GAMBLE and like we unfortunately wrote... **NOTHING HAS CHANGED**

Wrong move yet again- a hasty one taken by the panicking Board- one that looks like sending the club crashing out of the Premier League.

Right from the outset it was clearly evident that the Berries did not lay the right foundations- and now they look set to pay the ultimate price.

Simply not good enough- and so the NSW Super League awaits them in 2011.

⇒ **FOOD FOR THOUGHT...**

Now here's a good question...
IF the Berries do get booted out of the

Premier League, I wonder how many of the current Board will stay on and continue the good fight for the club in Super League?

It's all 'lovey-dovey' in Premier League, everyone enjoys the limelight. But now that things are crashing down all around them I wonder how many will stick around and help the Berries rebuild in Super League?

Better still, I wonder how many players will stick around?

⇒ **"KOUTALA" FOR BERRIES OR OLYMPIC?**

Can you believe it?

Will one of our Greek-supported clubs end up with the wooden spoon?

The Berries (10pts) are hot favourites- and coming into winter, the "koutala" could come in useful for them. That is the

only 'prize' left for them to 'win'- and they seem to have the right formula to do just that.

Sydney Olympic (11pts), is resting uneasily too as they also remain in contention.

Forget about semi finals- this is a battle for survival now.

Who would have believed it?

⇒ **SOME GOOD NEWS...**

At least for Sydney Olympic there was SOME good news during the week...

Their home ground Belmore Sports Ground is set to be renovated by the Kevin Rudd Labor Government along with Canterbury Council to the tune of \$5.9 million.

Let's hope they can match all the good work off the park with some better performances on it in the coming weeks.

⇒ **CLUB CHAMPIONSHIP TABLE: after Round 13**

Relegation from the Premier League competition as we have outlined will be based on the following Club Championship table. The club that finishes at the bottom of the club championship table WILL be relegated!

Can you believe it?

Sydney Olympic has fallen to second last on 113 points and thank heavens for them that the Berries are languishing at the bottom for yet another week with just 88 points.

That is a gap of 25 points!

And you know what, the Berries to me look already GOOOOOOONE!
