Come and join our Greek football teams do battle at Lidcombe Oval on Sunday the 6th of March 2011 in memory of Steve Christoforidis.

This day is a legacy in the memory of Steve Christoforidis but also thousands of fellow Greek/Australians who have battled and lost their lives to a silent but deadly killer of males/females in Australia today, "Mental Illness".

All proceeds made on the day will go to help with the fight against mental illness. The institutions include beyondblue, St Euphemia College, All Saints Grammar, St Spyridon College to help with counselling youths and the Greek aged care facility To Elliniko Spiti to help with counselling families. Our Greek ancestors fought hard to give us freedom and a better life, it is now time for us to help one another to help our children and grand children beat this ever growing illness.
