Sydney Olympic and Sydney United will face-off in the 2011 NSW Premier League championship decider at Belmore Sports Ground on Monday in perhaps the most mouthwatering grand-final ties of recent times.

The two teams possess a rich history stemming back to the NSL days, though this meeting will be the first in a championship decider between the two clubs.

Sydney Olympic clinched the Premiership with a fabulous League campaign, meanwhile the Reds only just fell short of the Blues in second-place. Anticipation of the finale is high as both sides have expressed an attacking football philosophy under young coaches Peter Tsekenis and Jean Paul De Marigny.

With both sides not shy in front of goal, an enthralling midfield battle is expected with the likes of Robbie Mileski, Chris Triantis and Philip Makrys to line up against Ivo Bosnar, Ufuk Talay and Steve Hayes. The latter will be responsible for feeding goal scoring dynamite Luka Glavas for the Reds, meanwhile Blues' target man Alex Smith will need to show his fine touch, aerial prowess and goal scoring ability to steer the Blues to a championship win.

Fireworks will certainly be seen at Belmore Sports Ground on Monday, October long weekend.
