Cruise Ship Diary

by CON GEORGIU

Where can I start! WOW , Fantastic, the most memorable and treasured trip of my life and believe, of all who attended.

5th January 2012 was the sail date aboard the majestic Rhapsody of the Seas. I found myself in the departure lounge of beautiful Sydney Harbor's overseas passenger terminal waiting to board into the unknown.

Welcome Aboard! We were greeted and ushered to our home for the next seven nights and what a home it was. After unpacking and hanging my best shirts I was off and so was the ship with a deep sound from its enormous horns.

Let the Party begin! To my astonishment I was surrounded by so many beautiful people I knew and people I didn't know. We were here to stay and what a stay it was.

Entertainment was well underway DJ's on the deck and everyone starting to settle in the perfect calm waters and weather.

Local Greek and International Greek artists were all getting ready to showcase their best performances and what performances they delivered over the next seven days and nights. Truly Greek and World Class !

Le Pa was the best he has ever been and to all our local talent you should be proud of your amazing performances delivered, and providing the vibe that was aboard the Rhapsody.

Generations of Greek's were a plenty from young to old and many of same families with one aim to have a good time.

To all our friends and new friends you know who you are a big Thank You from myself and my wife it was truly a memorable Cruise.

Royal Carribean definately delivered in hosting the perfect party venue and a warm Thank you to the organizers who put the perfect package together. Congratulations!

On that note I suppose I can finish off by saying I can't wait till the next THALASSA Cruise.
