About multicultural Australia and the 2016 census...

I would love to see the numbers of the cultural, the linguistic, the religious and ethnic make up of Australia, after the completion of the mostly digital 2016 census... I would love to see the stats for the entire elderly population of this land, after Tuesday night's census... I would like to know the thinking process, the rationale of the Australian Bureau of Statistics, as well as its organisational preparation and capacity for the 2016 census...

The public discussion for privacy issues and NOT next week's census, so far, around dissemination of information, as well as access

and equity issues, at least in relation to multicultural Australia. I would love to hear loud and clear on this issue, the voice of all the peak bodies of representation of multicultural Australia, for example FECCA (Federation of Ethnic Communities' Councils of Australia), or the various multicultural government bodies around the land, including the state and the federal multicultural leadership and bureaucracy... It won't be so easy on August 9, for ethnic-multicultural

Australia, old and new, to say through the census that... You know, I reside in Australia too, and... I want to offer you the very best of myself, if you give me the opportunity... If you know who I am statistically, if you know my profile, if you know my real needs and my real potential, so that you can come up with real policies based on accurate information and projections and not on...

Όσοι αγόρασαν εισιτήρια μπορούν να πάρουν πίσω τα χρήματα τους από τη Moshtix ή τη Sydney Olympic FC. Με αφορμή την αναβολή των εκδηλώσεων η Sydney Olympic FC εξέδωσε την ακόλουθη ανακοίνωση:

Bad weather forces postponement of Sydney Olympic FC events this Sunday 7th August Sydney's spate of bad weather had forced the postponement of Sydney Olympic FC's planned events at Belmore Sports Ground and Peter Moore Reserve this Sunday. "Naturally, this is extremely disappointing to everyone involved as we had hundreds or people attending" said Bill Papas, President, Sydney Olympic FC. "However, once we were advised by the Bulldogs that Belmore Sports Ground was closed and our event production company advised they were unable to set-up and provide safe public access to facilities, we had no alternative but to postpone"

"We intend to stage the Legends game together with the Social Event as an end of year celebration. We'll announce the revised date as soon as we are able to confirm arrangements. Our scheduled games for this weekend will be moved to alternate grounds. Details will be communicated to all impacted", said Bill Papas. Ticket holders can have their tickets refunded via Moshtix if purchased online, or via the Sydney Olympic FC for offline ticket purchases. "We thank all our passionate supporters and look forward to celebrating the new Sydney Olympic FC at the event with everyone very soon".
