Caring for people with intellectual and physical disabilities

The word ESTIA means "hearth" of the warmest and most welcoming room in any home. The Estia Foundation of Australia is a Christian Organisation and an initiative of the Greek Orthodox Archdiocese of Australia.

It is a not for profit organisation dedicated to providing support to individuals with intellectual and physical disabilities.

Our aims are that young adults with disabilities may achieve:

- Social intergration
- Community awareness, acceptans and understanding
 - Social and independent living skills
- Their full potential in accordance to their ability
 - Enjoyment in everyday activities that they would not otherwise be able to do
 - Choice making

What do we do at Estia?

Fundraising/donations have allowed us to operate four services to support those in our community living with intellectual and physical disabilities
