

From the St John's Community Care family to you and yours, we send our best wishes for health and happiness this Christmas and New Year.

We are community helping community.

Together, we make it possible to change lives.

St John's Community Care provides a personalised, planned range of services to support the frail, elderly and people with disability:

- In-home support to remain living in their home independently
- Individualised support that enhances the lives of all individuals
- Health and wellness groups
- Programs for carers
- Home Maintenance and Transport Service
- Supported Accommodation

Established in Cairns in 1997, St John's Community Care is a not-for-profit organisation providing support and services to over 5000 people of 35 different nationalities.

Talk to one of our team members to discuss how we can help you or your family.
