

Greek Orthodox Archdiocese of Australia

**The National Board of Orthodox and Hellenic Education
congratulates all Greek Orthodox Colleges in Australia
for their outstanding results in the Year 12 HSC, VCE, SACE and WACE examinations**

“Educating students who will create a better world”

VISION

“Educating young people who will create a better world - for the future of their community, of this nation and this planet”

OUR MISSION

Greek Orthodox Archdiocese schools are united in their commitment to provide quality education for young people within an Orthodox context that maximises their academic progress; contributes to their development into integral and principled individuals; and strengthens their capacity to achieve and accomplish in ways pleasing to God.

OUR VALUES

We premise our actions on the following fundamental values:

The sacredness of the human person as the icon of God - leading to a responsibility to be fair, just and respectful to all people.

The sacredness of creation -leading to a responsibility to respect and care for the environment and all living things.

The importance of family as central to the social, emotional and spiritual well-being of young people - leading our commitment to respect the role of families in their child’s education.

The importance of our faith in engaging the community as an extension of the Orthodox Church - leading to a duty to contribute to the welfare of others.

The Greek language as the deepest expression of Hellenic heritage – leading to the development and implementation of outstanding programs in the Greek language and culture.
